

## **Be the Change We Have to Make!**

Do you care about the Earth? Well, that's great to hear because I'm here to tell you ways on how we can improve our Earth. This is the planet we live on so we need to learn how to protect it!! Littering is one of peoples' worst qualities. It kills animals when it unsurprisingly goes into the ocean. Now let me tell you about our everyday life. We all use cars. all. the. time. I'm sure your mom or dad uses a car to just get to a gas station! Cars let out gas and all the gas that we use goes into our soon to be unclean air and makes it hard to breathe. If you are someone who cares about the Earth as much as I do, join the Earth Club! The Earth Club's goal is to have our Earth at its best all the time, but we need your help to do that!! But we don't just want to help the Earth, we also want to help people, animals, and so much more! And this was what I know about our lovely Earth, and remember "Go green!!!!"
